

## DUTIES AND RESPONSIBILITIES OF MEMBERSHIP

Following Election to the  
BOARD OF DIRECTORS  
THE LASER INSTITUTE

We welcome your participation in the governance of The Laser Institute (LIA). During your term as Board Member you assume certain responsibilities, as outlined below.

The basic function of the Board is setting policy, providing oversight and providing strategic direction to the organization. Put the good of the society above your personal preference.

### **Fiduciary Responsibility**

Board Members have a fiduciary responsibility to the organization of basic loyalty, avoidance of conflicts of interest, maintaining of confidentiality of sensitive organizational information and avoidance of individual use of “corporate opportunities.”

### **Attendance at Board of Directors Meetings**

Every Board Member shall attend as many board meetings as possible (two generally scheduled six months apart) during each year of service to the Board. Please note ARTICLE I, Section 6 of the By-Laws, which considers absence from three consecutive meetings to be a resignation.

### **Journal of Laser Applications®**

The Journal is our flagship periodical publication and Board Members are urged to support and promote it in every way possible. For instance, publishing or refereeing papers, having your library purchase a subscription or supporting the JLA with corporate advertising are excellent ways to contribute to the advancement of the Journal.

### **Safety Training**

Board Members are requested to use LIA courses and instructors for their safety training needs and, where appropriate, to recommend them to your customers.

### **Conferences and Workshops**

Board Members are encouraged to support LIA conferences and workshops by serving as a chair, serving on a steering committee, attending, exhibiting or sponsoring. It is also helpful if Board Members recommend LIA conferences and workshops to their customers or to individuals within their corporation.

### **Membership**

Board Members shall actively recruit individual and corporate members and shall maintain their LIA membership during their term of service.

### **Awards**

Board Members should nominate other members as Fellows. Special thought should be given to potential candidates for the Schawlow, Steen, Wilkening, Rockwell, and ALSE Awards.

## OFFICERS

NAME	COMPANY	POSITION
Minlin Zhong	Tsingua University	President
Gilbert Haas	Haas Laser Technologies, Inc.	President Elect
Milan Brandt	RMIT University	Past President
Lucian Hand	Altos Photonics	Treasurer
Henrikki Pantsar	Trumpf	Secretary

## BOARD OF DIRECTORS

NAME	COMPANY
Neil Ball	Directed Light Inc.
Eckhard Beyer	Fraunhofer IWS
Amber Black	Los Alamos National Laboratory
Robert Braunschweig	LASEA, Inc.
Yan (Flame) Chen	Han's Laser
Paul Denney	IPG Photonics
Corey Dunsy	AEOS Consulting, Inc.
Bo Gu	BOS Photonics
Tracey Johnson	
Marshall Jones	GE Global Research (GR)
Stefan Kaierle	Laser Zentrum Hannover e.V.
Markus Kogel-Hollacher	Precitec Optronik
Lin Li	University of Manchester
Klaus Löffler	TRUMPF Laser- und Systemtechnik GmbH
John Lopez	University Bordeaux/CNRS
Yongfeng Lu	University of Nebraska-Lincoln
Eric Mottay	Amplitude Systems
Robert Mueller	Lasers-at-Work Consulting Ltd.
Andreas Ostendorf	Ruhr-University Bochum
Rajesh Patel	Spectra Physics
Reinhart Poprawe	Fraunhofer ILT
Michael Schmidt	Bayerisches Laserzentrum GmbH
Karl Schulmeister	Seibersdorf Laboratories
William Shiner	IPG Photonics Corporation
Michelle Stock	MACOM
Koji Sugioka	RIKEN
Robert Thomas	US Air Force Research Lab
Brian Victor	nLight, Inc.
Michael Woods	SLAC National Accelerator Laboratory
